Final Semester of Your Senior Year!

This is a very exciting time in your lives, you have entered the final semester of your senior year. This is your chance to really finish out strong and move onto the next phase of your life with a sense of accomplishment. Check your credits against graduation requirements and make sure any "I" is converted to a grade.

Parking also changes this semester. If you registered to drive 1st semester M/W/F (red & white stripe sticker), you will now drive T/TH. If you have a solid red sticker, you may now drive M/W/F. Please continue to follow all driving/parking regulations and remember that parking tickets count as student obligations.

Remember if you have a study hall pd. 7 you must report there to resubmit permanent passes and early dismissal driving passes.

Plans are being made for the 2017 graduation parade that occurs after graduation practice in June. Keep your eyes open for sign-ups in the next few months.

Have a great second semester!
