## Worcester Elementary School

### AMERICAN EDUCATION WEEK PARENT VISITATION

**WEDNESDAY, NOVEMBER 16, 2016**

Parents are cordially invited to visit their child’s classroom and observe the instructional program in action. The above date has been set aside by the Worcester staff as an opportunity for you to see the children involved in their daily learning activities.

If you are planning on visiting your child’s classroom, please review the visitation schedule below:

**AM Kindergarten 10:30 – 11:00**

**Third Grade 12:30 – 1:30**

**First Grade 9:30 – 10:30**

**Fourth Grade 1:10 – 2:10**

**Second Grade 9:30 – 10:30**

**PM Kindergarten 2:00 – 2:30**

The teachers will be sending home a classroom schedule to help you plan your day. Due to the high volume of parents who come to school on these days, I am requesting that you limit your stay to a maximum of a half hour in each classroom. This will allow other parents to enter classrooms and avoid overcrowding. If you plan on attending you **must** pre-register with the office by completing and returning the form below. This will help us prepare for adequate seating and visitor badges.

On behalf of the instructional staff, I am also requesting that all parents keep in mind that this day is a normal instructional day for the children. Please do not take part in the instructional lessons unless it is approved by the teacher. Additionally if you feel the need to engage another parent in conversation while visiting, we request that this be done in the hallway rather than inside the classroom.

Even though we welcome children to visit Worcester, we ask that arrangements be made **not** to bring pre-school children to the classroom. It can be a challenge to keep the student’s focus on the lesson with Mom and/or Dad in the classroom. An active pre-schooler adds to the possibility of a further challenge.

**Per Methacton School District Policy, we have implemented a system which enhances school security.**

**All parents/guardian(s) attempting to gain access to the school must present a valid drivers license from any state, an official state photo identification card, or military identification card for scanning.**

Should you have a question about any aspect of our school program during your visit, please check in the office before you leave. The Worcester staff looks forward to your visit!

Sincerely

Jason F. Sorgini, Principal
