## **SCHOOL PUBLICITY/USE OF STUDENT WORK**

Methacton School District employs several communication strategies in its efforts to keep stakeholders informed of District events and student achievements. Sample methods include website postings, newsletters, press releases, brochures, and television news coverage. Many of the approaches are targeted at not only parents of students but also to residents of Lower Providence and Worcester Townships and surrounding communities. Occasionally, the District uses photographs or video footage of students taking part in school events as a means of improving the effectiveness of its communication initiatives. Whenever possible, the District identifies students who are visible in published photographs or films by name. Parents/guardians do have the right to prohibit the District from photographing or filming their child for use in school publicity releases. The district has developed a "Do Not Photograph" list to help ensure that it complies with parent/guardian wishes. Students on the "Do Not Photograph" list may still be photographed or filmed by classroom teachers for classroom bulletin boards, presentations, etc. The "Do Not Photograph" list only precludes the District from using pictures or video footage of listed students as part of a school publicity release. Parents/guardians must notify classroom teachers directly to prohibit them from photographing or filming their child for use in classroom displays. If your child is placed on the "Do Not Photograph" list, they will remain on the list until a parent or guardian notifies the district in writing that they want their son or daughter removed from the "Do Not Photograph" list. To have your child placed on the "Do Not Photograph" list, check the box below.

The District also occasionally uses student work including but not limited to artwork, essays, or science projects, as a means of improving the effectiveness of its communication initiatives. Whenever possible, the District identifies the student whose work it is by name. Parents/guardians do have the right to prohibit the District from using their child's work for use in school publicity releases as a means of protecting their child's privacy and the property rights of their child's work. The District has developed a *Do Not Use Student Work* list to help ensure that it complies with parent/guardian wishes. Students on the *Do Not Use Student Work* list may still have their work used by classroom teachers for internal classroom bulletin boards, presentations, etc. The *Do Not Use Student Work* list only precludes the District from using student work as part of external school publicity. Parents/guardians must notify classroom teachers directly to prohibit them from using their child's work in classroom displays. If your child is placed on the *Do Not Use Student Work* list, they will remain on the list until a parent or guardian notifies the district in writing that they want their child removed from the *Do Not Use Student Work* list. To have your child placed on the "Do Not Use Student Work" list, check the box below.

- 53)  Place my child on the "Do Not Photograph" list
- 54)  Place my child on the "Do Not Use Student Work" list
