NEW THIS YEAR!!!

After multiple requests, we are moving to an online collection system for donations!

The online platform we are using is called givebutter.com. With this, you can request donations several different ways – via social media, text, or QR code.

To join our fundraiser, go to this link:

<https://givebutter.com/worcester-walkathon2022/join>

Once you get to this page, you will fill in your child's information, your email and cell phone, and join your "team" (teacher) so that we can track your grade level progress! You can then put in optional information such as a photo, fundraising goal, and why you are fundraising.

Please note: you can only put in one email address to register. Therefore, if you have multiple children, you will need to use multiple email addresses to register.

After you register, you will receive a welcome email with your child's specific fundraising page, as well as instructions on how to customize your story and goal.

After this, there are three ways you can get donations to the Walkathon:

1. Once you have registered your child(ren), you can either share your child(ren)'s customized link, or you can share the general Walkathon link here:

<https://givebutter.com/worcester-walkathon2022>

2. Supporters can also donate via text by texting "walkathon2022" to 202-858-1233. When they send this, they will receive a link to our secure, mobile-friendly campaign.
3. Supporters can scan a QR code (below) for a direct link to the fundraiser:
