HIGH SCHOOL PROFILE 2024-2025

Our School

The high school is an academically-focused comprehensive secondary school with an enrollment of approximately 1,500 students in grades 9 through 12. Individualized student schedules provide for ability levels, educational and vocational plans, and personal interests. Strong community involvement is encouraged.

Our Community

Methacton School District was formed in 1969. It serves the suburban Montgomery County townships of Lower Providence and Worcester, approximately 25 miles northwest of Philadelphia and seven miles east of Valley Forge. Its residents are largely middle to upper middle income. The 32-square mile district includes a population of 38,000.

Curriculum

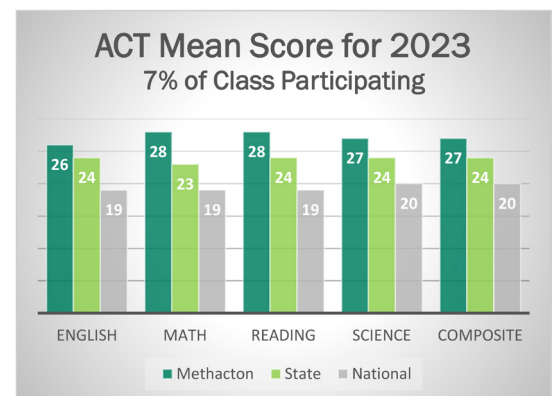

The school year is divided into four nine-week marking periods. The daily schedule includes seven, 47-minute instructional periods. Departmental courses are offered at the Advanced Placement, Honors and College Preparatory levels. Course offerings address technical, academic and career pathways. The instructional program is designed to include flexibility through programmatic offerings. In addition to elective offerings in English, Math, Social Studies, Science, World Language, Business, Technology Education, Art and Music, there are also special programs such as Gifted Seminar, Pre-Career Mentorship, Dual Enrollment and Community Service. Dual Enrollment courses are offered in conjunction with Montgomery County Community College and Harrisburg Area Community College. Online learning is offered through Brandywine Virtual Academy. Students have the opportunity to attend North Montco Technical Career Center where programs are offered in eight technical career clusters as well as the Pennsylvania Youth Apprenticeship, Allied Health Services and Biotechnology programs.

Grade Point Average

Grading is based on a 100-point weighted scale. Each final grade from an Advanced Placement course is multiplied by a factor of 1.2. Each Honors and Dual Enrollment course is multiplied by a factor of 1.1. Grades earned in all completed subjects (9-12) are included in computing a grade point average. Beginning with the Class of 2020, Methacton High School will no longer report class rank.

Grading System

A	≥90	P	Pass ≥60
B	80-89	W	Withdraw
C	70-79	WF	Withdraw Fail
D	60-69	I	Incomplete
F	50-59		

Advanced Placement Courses

AP courses are offered in cooperation with College Board and weighted by a factor of 1.2.

AP Biology	AP Computer Science	AP French	AP Spanish
