ABOUT THE MALLON PLANETARIUM

The Mallon Planetarium is a unique resource of the Methacton School District located inside Arcola Intermediate School (4001-A Eagleville Road, Eagleville, PA 19403). Built in 1974, the planetarium has continuously provided unique learning experiences for ALL Methacton students. Our goal, as stated by the original planetarium director, Dr. Gerald Mallon, is 'to be a laboratory NOT to produce astronomers for the world, but to produce people who are aware of the world around us'. Mallon Planetarium provides co-curricular, extracurricular, and community opportunities for all life-long learners. In 2023, a complete renovation of the planetarium updated infrastructure and technology that ensures this distinctive feature will be available to our community for many more years.

+3600 students visit annually
+1230 community members visit annually

SCHEDULE AN ASTRONOMY LESSON!

The Mallon Planetarium offers lessons to Methacton School District classes, outside district school classes, and non-profit community groups. Lessons can be scheduled in our planetarium, in an Arcola building classroom, or just about any location in, and around, Methacton School District. We also offer virtual presentations for groups that meet online.

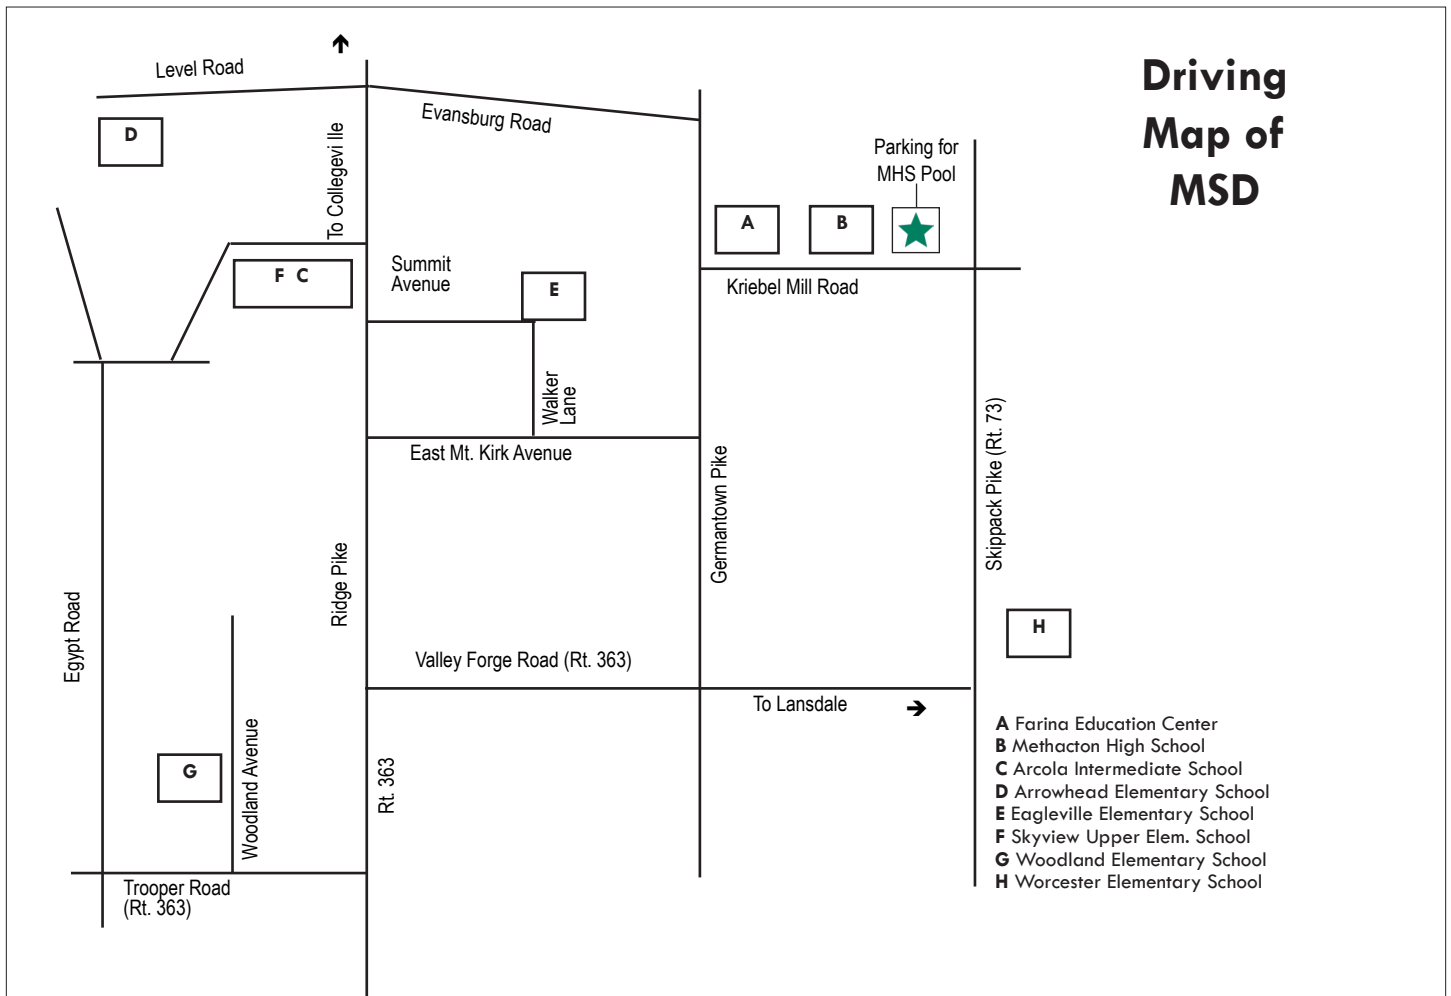

For more information on scheduling your group's lesson, please email MSD Planetarium Director, Adam Chantry, at **AChantry@methacton.org**.
