A WARM WELCOME!

Thank you to everyone for the warm welcome that I have received as I joined the Methacton School District. I have enjoyed exploring the community and getting to know all of the members that make up Methacton. I have a lot of people that I still anticipate meeting and look forward to the continued opportunities to connect with everyone. As stated in my report to our School Board, I am beginning with our school district leaders. It is my hope to meet you in the future.

Warmest regards,
Ms. Washington

BOARD REPORT

September 27, 2022 I shared my first report to the board. My report was a brief summary of what I have been doing this past month and an introduction to some initiatives I will be supporting this academic year. The month of September has been dedicated to learning more about the school district and introductions with each of our building principals. I also have spent time at the Counselor Department meetings. Coming up will be meetings with our

Special Education supervisors and the Special Education Alliance; as the district moves towards inclusive practices. In my role, I will also be participating in the plans to bring Trauma Informed Care to the district, which includes staff and student wellness. I am looking forward to continued work to bring Equity, Belonging, and a positive school climate to the district to ensure an exceptional experience for all.
