

March 8, 2019

Dear Methacton School District Community,

The Methacton Board of School Directors is in the process of considering renovations, new construction, or a combination of both projects for Arrowhead Elementary School, located at 232 Level Road in Lower Providence Township. This process is entitled, "Arrowhead Forward".

On Tuesday March 19, 2019, the Board of School Directors will hold its monthly board meeting at Arrowhead Elementary School beginning at 7:00 P.M.

Among the regular board agenda items for that evening, the Board of School Directors will be discussing the Arrowhead building and property.

Dr. David Zerbe, Superintendent of Schools, will lead a discussion with the Board to collect the thoughts and considerations necessary as the district proceeds with the Arrowhead Forward process.

On that same evening, the administration will be holding Arrowhead Elementary School tours. These tours are designed to provide the public with greater context for the discussion going forward.

Arrowhead Elementary School Tours will begin at 6 P.M. In order to accommodate the interest in the tours, please register by visiting www.methacton.org/ArrowheadForward or clicking [HERE](#).
