Welcome to Methacton School District's Teacher Evaluation Portal!

PA-ETEP is Pennsylvania's electronic teacher evaluation portal for educators. **PA-ETEP** is designed to facilitate the PA Department of Education's new teacher evaluation process. It has been developed by EduLink in partnership with Midwestern Intermediate Unit. This web-based tool guides and supports all steps of the Pennsylvania Teacher Effectiveness model from Pre-Observation to Final Walk-through. **PA-ETEP** is fully aligned to the PDE adopted process and allows for real time access to evidence and feedback for both the teacher and supervisor. Each interaction is documented for record-keeping and authentication with a time and date stamp. Accessible using any internet capable device, this system has a user friendly interface that eliminates the need for the exchange of paper documentation and enhances efficiency and accuracy.
