Let's Take a Look!

Welcome

Welcome to the PA School Performance Profile website.
This PA School Performance Profile serves several purposes:

- Provide a building level academic score for educators as part of the Educator Effectiveness System
- Report federal accountability status for Title I schools
- Inform the public of the academic performance of each school, comprehensive career and technical center, cyber charter and charter school in Pennsylvania
- Provide parents and taxpayers performance measures for the school of residence, neighboring schools and schools across the state

For Pennsylvania's educators, the PA School Performance Profile offers a web-based resource for districts/schools to communicate performance results to various constituencies and assist districts and schools in aligning performance and focusing resources for continuous improvement.

Choosing your primary role will assist us in identifying user needs and making future upgrades. Your selection does not change the displays that are available for your viewing.
